## SOME SAY THE EYES ARE THE WINDOWS TO THE SOUL...

An unlucky college student falls down a garbage chute into the scary world below, dominated by mutants - a wary and spiteful enemy of humanity. His only hope to return home is through an unlikely allyship with a friendly mueto, which throws him into a web of despair much larger than he could have ever imagined.

"Glass Eyes" is a video game adaptation of my old comic book. It has been a pleasure for Toy Fox's "Undertale" as a fun 10-year anniversary celebration of both.
